

Curriculum Statement

Ledyard Learners School Age Program is a multifaceted program that supports children in academic, physical, social and emotional development.

Parents and caregivers of Ledyard Learners entrust us with the safety and well-being of their children and can be assured that each child is listened to, respected and valued.

The Ledyard Learners program is unique in the capacity to combine children from multiple schools to create a community of lifelong learners. This gives children access to interact with different children in structured educational and recreational activities outside of the regular school day.

One of Ledyard Learners core objectives is the incorporation of an enrichment program which provides children with a different daily activity while integrating many fundamental skills and academic goals in an interactive way. Outwardly, it provides a fun activity for the children. Inwardly, and most importantly, it provides an engaging experience and chance to teach children about the importance of the development of a healthy life, personal and social growth, and community involvement. The daily enrichment programs are presented in a developmentally appropriate manner and open up opportunities for children to explore new areas of interest and hobbies.

Being in the business of childcare, Ledyard Learner's top priority is the safety and well-being of your child. As such, Ledyard Learners provides children a safe and supportive place to discover their own abilities, make mistakes along the way and to learn and grow from those mistakes in order for them to become a contributing member of society.

We at Ledyard Learners recognize each child's uniqueness and acknowledge and embrace it when planning our curriculum and enrichments. As such, we also utilize an individualized approach to behavior management and provide children multiple ways to channel their energy and solve their problems.

Our staff members actively model honesty, fairness, positive attitudes and respect. Our goal is to create opportunities in our daily interactions to help build those qualities in your children.

Ledyard Learners is not just a place to be, it's a place to learn, grow and create lifelong memories.
